THIS IS WHERE INNOVATION COMES HOME

There is a place where what's next for Vancouver is happening every day... a place filled with creativity, energy, and connection. It is a destination for people who want to experience all that life has to offer whether it's enjoying the outdoors, advancing their careers, getting together with friends and family, or engaging in a vibrant social scene. This is the world of Innova.

INNOVATIVE MODERN DESIGN

Here at Innova you'll find a new perspective on what it means to live well, with stylish residences that combine unique architecture, state-of-the-art technologies, upscale finishes, and a location right in the heart of thriving North Vancouver.

From the outside, three mid-rise buildings reflect upscale comfort with contemporary facades of concrete, glass, and wood. A statement for urban refinement, the community blends seamlessly with the surrounding neighbourhood and feels connected to the spirit of the people who live here. The residences themselves are also a

refreshing departure from the ordinary. The 168 total homes offer spacious studios and 1, 2, and 3-bedroom floor plans as well as layouts with integrated home offices and a collection of two-story townhomes. Across all residences, bright open interiors, excellent spaces for entertaining, and fantastic mountain and harbour views all make Innova a one-of-a-kind place to call home.
