BRIGHT AND MODERN

An Incredible Aesthetic

The contemporary kitchens at Union feature quartz countertops and expansive islands, perfect for dinner prep and storage. Flat panel cabinetry, modern pendant lighting and sleek appliances finish the stylish and highly usable space.

A RELAXED VIBE

Is Always in Style

The large master bedrooms at Union come complete with full walk-in closets and spa-inspired ensuites. Here you'll appreciate the dual sinks, modern shower with semi-frameless glass doors and oversized offset tiles that complete the relaxed look and feel.

CLEAN LINES

Sleek and Inviting

Interior design studio, Kleen Design, created homes at Union that are modern and timeless. Rich, wide plank flooring sets the stage while recessed potlights throughout the main floors illuminate the living spaces with a warm glow. Contemporary matte black door hardware and faucets finish each room beautifully.
